

Raclette Rafting Interlaken

A dish of a different kind: Take part in a unique raclette dinner as you drift on our stable rafting boat from the quay in Bönigen through the ship channel to Interlaken. While the house lights of Interlaken gradually illuminate the river banks, enjoy a meal of melted cheese and a glass of wine while wrapped up in warm blankets. The view of snow-covered mountains in the background completes the idyllic cityscape. Our guides do all of the steering, so you can enjoy your time together on the raft.
