

Aletsch Glacier Hike

The Aletsch Glacier is the longest glacier in Europe and is situated in the heart of the UNESCO World Heritage Site. Follow the frozen river, lined with icy crevasses, down from the Jungfrauoch with an overnight in the Konkordia Hut (2850m / 9350 ft). You don't need any previous glacier experience for this trip, just a head for heights, surefootedness, good hiking gear and fitness for 6hrs hiking.
